

Taber Extrusions, L.L.C.

Insurance Requirements – Vendors & Contractors

- The vendor/contractor is required to provide proof that it carries adequate liability insurance, including General Liability (GL), Auto Liability (AL), Worker's Compensation (WC) and Umbrella Liability (UL) coverage.

If the vendor/contractor will be providing services including design, engineering, training, installation or construction services, proof of professional liability coverage is also required with limits commensurate to exposure.

If the project involves construction/installation, consideration must also be given to Builders Risk/Installation Floater (BI/IF) coverage. Depending on contractual arrangements, Tang or the contractor may assume coverage responsibilities for the BR or IF.

- WC coverage should have statutory WC coverage and Employer Liability limits of \$500,000/\$500,000/\$500,000.
- The AL limit should be no less than \$1M combined single limit (CSL).
- The GL insurance must include coverage for liability arising out of the Premises, Operations, Personal Injury, Contractual (indemnification) and Products/Completed Operations exposures. The GL limit should be not less than \$1,000,000 per occurrence, \$1,000,000 Products/Completed Operations per occurrence and in the Aggregate and \$2,000,000 for the General Aggregate. Aggregate must be on a Per-Project basis.
- In regard to construction and installation projects, ISO form CG20 10 10 01 and CG20 37 10 01 must be included.
- The UL should have limits of \$5,000,000 and include wording that both umbrella and excess coverage follow form of the primary GL, AL and UL policies.
- All liability policies must be written on an occurrence basis and maintained for the life of the project.
- If the V/C will have access to Taber Extrusions, L.L.C. or any of its divisions, subsidiaries or affiliates confidential or proprietary information, or Taber Extrusions, L.L.C.'s customer information, Cyber Liability (CL) must be provided and data breach must be provided with minimum limits of \$1,000,000.
- All liability policies must be endorsed to provide that the coverage afforded the additional insured under the V/C's policy will be primary and non-contributory insurance and that any other insurance of the additional insured applicable to the loss will be excess to the coverage provided the additional insured under the V/C policies, and further that the limits of the

coverage provided by the vendor/contractor's policies will not be reduced by the limits of other insurance providing coverage to the client.

- V/C should name Taber Extrusions, L.L.C., Tang Industries, Inc., National Material, L.P., its divisions, affiliates and subsidiaries as an additional insured under its GL, AL, CL and UL coverage and should confirm that the additional insured endorsement insures client for liabilities connected with or arising out of the work being performed or the material being supplied by the vendor/contractor.
- All contracts should require that the GL, WC/EL, AL, CL and UL policies provide waiver of subrogation in favor of Taber Extrusions, L.L.C., Tang Industries, Inc., National Material, L.P., its divisions, affiliates and subsidiaries; and vendor/contractor insurance policies should permit the insured to waive subrogation.
- All required coverage should be with insurers carrying an AM best rating of A 6 or greater.
